# CUSTOM POLY MAILERS

Made from a coextruded blend of Low and Linear-Low Density Polyethylene, our Poly Mailers provide a private and secure way to ship items. White on the outside and silver on the inside, these offer complete opacity to keep contents hidden from prying eyes. Choose from a variety of constructions, printed or unprinted:

**Perforated or Non-perforated**

Select to add a tear strip below the adhesive for easy opening, or choose non-perforated for a tamper-proof construction.

**Expandable**

These feature a bottom gusset for mailer expansion to accommodate bulkier items.

**Returnable**

These feature two adhesive strips and two perforations. The top strip folds and seals for initial shipment, and can be opened with the first perforation. The second strip can be folded over and sealed for return shipment.

**Printing**

Custom design your poly mailer with up to six colors on both sides, spot and process printing. Create a branded image or a full-color, full-bleed mailer.

Each construction is available in a range of sizes and gauges. All mailers are water-resistant and feature a tamper-proof permanent adhesive closure and side weld construction. Packaged in cases.
